BUSINESS OFFER

WWW.ALCO2GO.COM

We are a manufacturer of the best, and above all completely harmless to health breathalysers.

Test & Drive products do not contain potassium dichromate, a poisonous and carcinogenic compound used in older generation breathalysers.

Thanks to this, our products are successfully distributed and sold throughout the country and abroad. Outside Poland, our primary markets are: **USA, Canada, UK, Columbia, Korea, Italy, Spain, Germany, Serbia, Slovakia, Czech Republic, Arabian peninsula, Norway, Portugal, Panama, Romania, Hungary, France, Switzerland, Bulgaria, Israel, Indochina, Brazil, Chile, Mauritius, Lithuania, Latvia, Estonia.**

We are constantly developing our production lines.

Our employees participate in specialist technical, technological, metrological courses and trainings, this improving their knowledge and qualifications.

GHB DETECTORS

We are pleased to introduce two innovative products designed to help enhance personal safety.

GHB Detection Band: A discreet and easy-to-use wristband designed to detect the presence of GHB (Gamma-Hydroxybutyrate) in drinks. Simply apply a drop of the liquid onto the test area, and it will react if the substance is present, providing a quick and reliable safety check.

GHB Detection Card: A compact and convenient card that detects both **GHB and Ketamine** in drinks. Just place a drop of the drink on the designated areas of the card, and results will appear within seconds, alerting you to potential danger.

These products are perfect for individuals looking to protect themselves from drug-facilitated crimes, offering peace of mind and security in public settings. Stay safe with our GHB detection solutions!
